Cap instructions:
To remove cap: Place bottle on a firm flat surface. Grip cap and turn anti-clockwise.
To replace cap: Place bottle on a firm flat surface. Grip cap and screw clockwise until tight.

Directions for use:
Solutions should always be prepared accurately in clean containers.

For general disinfection:
Dilute 1:50 (2%) in fresh, clean water.

Floors, tiles, woodwork etc:
Dilute 1:20 (5%) in fresh, clean water.

Toilets and urinals: Use neat.
Apply by spray or a mop. Wipe with a damp spongy cloth.
For best results, heavily soiled articles should be rinsed clean before disinfection.

Always work with fresh solutions – discard used solutions.
To prevent slips always mop up excess.
Storage: Store undiluted in original container in a cool, dry place away from sunlight.

Keep out of reach of children.
Do not get in eyes, on skin, or on clothing. Wash contaminated skin thoroughly after handling.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
Dispose of contents/container in accordance with local regulations.
Content: Benzalkonium chloride 0.6g/100g
