Floor Maintainer

Super Floor Maintainer is an important part of the floor maintenance system. Used regularly it removes grease, scuff marks and grime while maintaining the polish to keep the floors shining in between full renovation.

Cap Instructions:
To remove cap: Flip bottle over. Lift flat surface of cap and turn anti-clockwise. To replace cap: Place bottle on a firm flat surface. Flip cap and screw clockwise until tight.

Directions for use:
Always test for removal before debris and dust.
For spray application dilute 1:50. Apply as a fine mist and buff to a shine.
For scuff marks and heavy foot traffic clean with Super Floor Maintainer Stage 3.
For mop and buff application dilute 1:50 in a bucket and mop the floor area. Avoid over wetting as this will extend drying time.
Allow to dry and then buff to a shine.
Ensure floor is dry before allowing access.
Storage: Store sealed in original container in a cool, dry place away from sunlight.

WARNING
Causes serious eye irritation.
May cause dizziness or headache after handling.
Wear appropriate personal protective equipment (PPE) for use.
If eye irritation persists: Get medical advice immediately.
Dispose of contents/ container in accordance with local regulations.
